Father Ramon **The Shepherds walking stick** PARISH UPDATE 05/28/2023 –

One of the things that caught my radar is the fact that some members of our parish community have just become naturalized citizens of Canada. So, in behalf of all the members of our parish,

I would like to congratulate all our brothers and sisters in the community who have just taken their Oath of Citizenship in these recent months. Cheers! Thank God for this nation who graciously welcomed you and has given you opportunities for a better life.

One of the ways to show gratitude is to contribute to the prosperity of the nation by abiding to her just laws and striving to be the best in what you do in your respective occupations. In the case of young people, it is striving to prepare oneself through study and self discipline in order to be able to contribute to the progress of society in the future..... Coincidentally, I just finished reading the memoir of Lila Rose titled Fighting for Life. Lila Rose is a human rights activist who heads a non-profit called

Live Action. The organization is dedicated to ending abortion and inspiring a culture that respects all human life. Writing about that time when she was about to get married, she wrote, “[F]amilies are where faith is first learned, where values are first taught, and where we first learn to love. The family is the basic unit of any functioning society. It’s the future of a nation. The effects of one good family can ripple through generations, healing wounds and bringing peace, long after we are gone.” In other words, investing on strengthening relationships in our families is the best contribution we can give in building up the nation. And, we can do this by living our Catholic faith in the family intensely. It is because God is love; the more we have him, the more we love one another especially in the family. This

advice, of course, is addressed to all families in our community..... It would be very sad indeed that in our pursuit for a better life for our families, we end up being estranged from one another because we have focused more on acquiring material things rather than God and his promises. No! “Seek first the kingdom of God and his righteousness, and all these things will added to you” (Mt 6:33).

May 28, 2023 - Pentecost Sunday
“To each is given the manifestation of the Spirit
for the common good.” 1
CORINTHIANS 12:7

To receive the gifts of the Holy Spirit you must open your heart and invite Him in! Ask the Holy Spirit to guide your thoughts, words and actions every day!

Be grateful for all the gifts God has given you! Regardless of our individual circumstances, God has given all of us many blessings. What we do with those gifts is our gift back to God! By generously sharing everything we have and everything we are, we become more “Godcentered” and less “self-centered” and our lives truly reflect God’s light, love and mercy.

“A soul, that possesses the Holy Spirit,
tastes such sweetness, in prayer,
that it finds the time, always too short,
it never loses, the holy presence of God.”

“The Holy Spirit forms thoughts
and suggests words, in the hearts of the just.”

“The Holy Spirit is like a gardener,
cultivating our souls.”

St John Vianney (1786-1859)
